SPEED QUEEN® INSIGHTS

Stay Connected to Your Store

View and manage your business. Anywhere. Anytime.

Speed Queen

Speed Queen Insights App

Information at Your Fingertips

The Speed Queen Insights App puts the key components of Speed Queen Insights into a convenient mobile app, so you can monitor your store anytime, from anywhere. Access revenue data, monitor machines and more. It's never been easier to stay connected to your business.

Monitor your store on the go

Control your machines from anywhere

With a simple tap you can explore:

Location Data Snapshots

Easily see store revenue information by location and filter by day, week, or month. Plus, get details like:

- Turns per day
- Reward dollars used
- Refunds given
- Current float value

Machine Operations

Start, pause and stop machines, clear errors and more. Plus:

- Machine status and app user information
- Detailed log of most recent errors
- Send remote commands to machines

Alerts

- Receive real-time alerts, including error type, machine number, location, date and time

Support

- Contact chat support 24/7
- Connect via phone or email
